**Their are** many times that I find spelling mistakes on a website and it bugs me to death. I wish I could do something about it. The fact that I see it means that I have already donated my time to find it and would love to have that time be beneficial to others. I'm not just pointing out the grammar/spelling mistakes of others for my own benefit.

Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

We could also allow a "note" along with the suggestion. That way the grammar nazis can expose their real virtues and skills.
